Recommendation

13.05.2008

RACS Cleaning Service, Ronald Attard, is providing cleaning services for our company since April 2007.

Included services were inside and outside cleaning of sailing and motor yachts, arranging of cabins, cleaning of linen and cleaning of office premises.

The services provided was always punctual, accurate and reliable.

Special appointments or specific requests have never been problematic and were always carried out to our full satisfaction.

We are happy to have the possibility to continue our collaboration with RACS in our second successful year 2008.
